

Elektronisk evaluering av ph.d.-program

I denne undersøkelsen skal kandidatene svare på spørsmål knyttet til evaluering ph.d.-programmet. Formålet med evalueringen er å gi kandidatene mulighet for å gi tilbakemeldinger på programmet; både opptaksprosessen, undervisning- og forskningsdelen av ph.d.-programmet, samt veiledningen og relevansen av ph.d.-programmet.

Dersom du befinner deg i ett av følgende trinn i ph.d.-løpet: 1) etter gjennomført søknad- og opptak til ph.d.-programmet, 2) etter gjennomført midtveieevaluering, 3) eller etter gjennomført prøveforelesning og disputas kan då gå videre i evalueringen.

I noen tilfeller vil vi anonymt følge opp resultatene fra undersøkelsen. Din identitet vil holdes skjult.

EVALUATION OF THE PHD PROGRAM

Please proceed to one of the following steps if relevant:

- 1: I have completed the application process and started the PhD program**
- 2: I have completed the mid-term evaluation**
- 3: I have completed trial lecture and PhD defense**

Please indicate the PhD-program

- Research training in pedagogical resources and learning processes
- Process, Energy and Automation Engineering
- Applied Micro-and Nano-systems
- Person-centred Health Care
- Marketing Management
- Cultural studies
- Ecology

Are you connected to:

- A research group at HSN?
- A research school at HSN, nationally or internationally?

STEP 1: How was the start of your PhD study?

(Most questions should give a mark on a scale between 1 to 5, where 5 stands for the best (the most positive)).

How satisfied or dissatisfied are you with:

- The admission process at HSN?
- The introduction to the research community?
- Social environment?
- The infrastructure (Office, library, lab etc)?

Please answer the questions concerning your plan for coursework:

- Did you find relevant courses at HSN?
- Did you find relevant generic skills (research communication, research ethics, writing skills etc) courses?

Final comments

(You can also give your comments in Norwegian)

- Do you have any comments or suggestions?

STEP 2: Mid-term evaluation

(Most questions should give a mark on a scale between 1 to 5, where 5 stands for the best (the most positive)).

How satisfied are you with your progress in research?

- How satisfied are you with the following
 - o The organization of the mid-term evaluation
 - o Relevance of the mid-term evaluation for your research
 - o The feedback from the scientific committee?

(Comments)

- Do you have enough time for courses?
- Do you feel that your background (BSc / MSc) fulfil the requirements needed for performing your PhD project?
 - o Theoretical background?
 - o Practical skills?

Supervision relationship

- How satisfied are you with the following
 - o How your main supervisor follows you up in research
 - o How your main co-supervisor(s) follows you up in research
- In your opinion, is your team of supervisors competent in your research area?
 - o Main supervisor
 - o Co-supervisor(s)

Research environment

- Does the selection of PhD courses give you the possibility of strengthening your research qualifications within the framework of your project?
- Has the work you do beyond your own project (e.g. various department work including teaching) been useful?
- How satisfied are you with your everyday-life as a PhD student at HSN?

Internationalization and mobility

- How satisfied are you with internationalization and mobility offered in the programme?

Final comments

(You can also give your comments in Norwegian)

- Do you have any comments or suggestions?

STEP 3: Graduated PhD students final evaluation

(Most questions should give a mark on a scale between 1 to 5, where 5 stands for the best (the most positive)).

Finalization of PhD and public defense:

- How was the following handled during the process of writing up and submission of your PhD thesis?
 - Administrative support?
 - Support from your main supervisor?
 - Support from your co-supervisor(s)?

- How was the following handled during the process of planning and implementation/ finalization of your Public defense?
 - Administrative support?
 - Support from your main supervisor?
 - Support from your co-supervisor(s)?

Career

- Relevance of your PhD study for your career?
- Do you have a job after your PhD study?
 - In the academia?
 - In the industry?
 - In the public sector/ administration?
 - Other

Satisfaction

- How satisfied are you with your PhD study at HSN?
 - The academic environment at HSN?
 - The social environment HSN?
 - Internationalization and mobility offered in the program
 - Overall?

Final comments

(You can also give your comments in Norwegian)

- Do you have any comments or suggestions?
